HR

Ova ruta stjenovitim predjelima Velebita namijenjena je tehnički i fizički naprednijem MTB rekreativcu. Za dugi serpentinasti uspon od morske obale do vrhova južnog Velebita potrebno je opskrbiti se dovoljnom količinom tekućine jer na ruti nema izvora pitke vode niti ugostiteljskog objekta, ali razlika u temperaturi na vrhu vrlo brzo će vas osvježiti. Prije nego se krenete spuštati, zbog vrlo zanimljivog krajolika imat ćete osjećaj da ste među alpskim vrhuncima, a ne na samo par kilometara od Jadranskog mora. Prilikom spuštanja nekoliko puta ćete se ispreplesti s autocestom, ali budite dodatno oprezni na pojedinim dijelovima grubog makadama.

HR

Staza namijenjena MTB vozačima naprednije fizičke pripremljenosti u potrazi za blažim terenom započinje u Zatonu Obrovačkom. Glavna asfaltirana prometnica vodi vas do prijevoja Prezid nakon čega ćete makadamom istražiti šumovitiji i svježiji dio Velebita. Na 27. kilometru se možete okrijepiti pitkom vodom te nakon još jednog lakšeg uspona započeti spust prema kanjonu Zrmanje, uz pogled na Tulove grede i predivne vizure zadarskog arhipelaga.

EN

This trail along the rocky regions of the Velebit mountain is intended for technically and physically advanced recreational MTB riders. There are no springs nor gastronomic facilities on the second serpentine ascent from the sea coast to the peaks of the southern Velebit, so make sure to bring enough liquids, although the temperature difference on the peak will refresh you soon enough. This very interesting landscape will give you an impression of the Alps rather than a place of only few kilometres from the Adriatic Sea. Descent will cross the highway several times, but be extra careful on the parts with rough macadam.

EN

This trail, intended for MTB riders in a better physical condition in search of an easier terrain, starts in Zaton Obrovački. After the main asphalted roadway to the Prezid pass, macadam road will take you to more wooded and cooler part of the Velebit mountain. Drinkable water is available on the 27th km and after another milder ascent, your descent towards the Zrmanja canyon starts along with Tulove grede towers and beautiful views of the Zadar archipelago.
